

Electrophysiology - Workshop

Course Assessment

Date: 10/11 Oct 2024

Venue	Excellent	Circle as appropriate				Satisfactory	unsatisfactory
	1	2	3	4		5	
Lecture conditions (No. of seats, visibility, acoustics) Comment:							
Practical conditions (hands-on access to system, visibility) Comment:							
Organisation							
Preparation & motivation of instructors Comment:							
Interest & relevance of topics Comment:							
Difficulty level of topics & reading material Comment:							
Interest & relevance of workshop Comment:							
Difficulty of workshop Comment:							
Overall							
	strongly agree					maybe	disagree
Course goals were achieved (i.e. are you more knowledgeable with electrophysiological data and exp.?) Comment:							
Total grade for the course (i.e. would you recommend the course to others?) Comment:							

ADDITIONAL

COMMENTS:

*What did you find the most useful part of the course, and why?
(please also comment on your prior level of ephys experience)*

What did you find the least useful, and why?

Did you find any part of the course too difficult, if so what and why?

*What would you change about the course?
e.g. what topics would you add or remove? How would you organise the course?*
